

The VET Circle

8-12 May 2023

Co-funded by the
Erasmus+ Programme
of the European Union

Capacity Building

The VET Circle training will support the capacity building of the stakeholders thus helping the development of how to establish the business partnerships and share the Dutch experience and teach the participants how to implement the VET Circle. The activities organised will be an opportunity to develop a community of further support for the professional VET Circle.

Aim: Enhancing WBL Potential & acquiring workplacements

The training activities in the Netherlands will aim at enhancing on the one hand the potential of the participants for work based learning schemes and professional organisation of workplacements on the other hand. The staff training in Netherlands will also be an activity that will lead to achievement of the project objectives. The experts from Netherlands will train the participants so that they learn how to establish good connection with the companies and how to motivate the students to have a practical placements in companies.

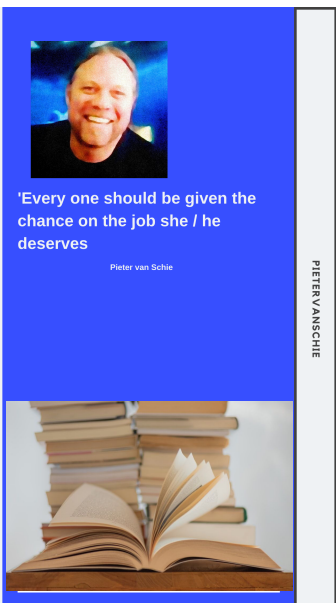

Added Value: Content

The added value of offering training (learning) activity is two folded:
(1) it supports the capacity building of the stakeholders involved, and in particular development of competence needed in providing support and mentoring on the job;
(2) In addition the learning activity will be a space to develop a community of practice of those who will be using the project outputs and further support the organisation of work based learning, acquiring work placements and teachers, students getting a good connection and network with potential employers and their companies.

Leiden Culture Programme

A university city since 1575, Leiden has been one of Europe's most prominent scientific centres for more than four centuries. Leiden is a typical university city, university buildings are scattered throughout the city and the many students from all over the world give the city a bustling, vivid and international atmosphere. Many important scientific discoveries have been made here, giving rise to Leiden's motto: 'City of Discoveries'.
